

PHILOSOPHY

Hockey is a game. Games are meant to be fun. The Hockey Association for the Developmentally Challenged believes all children have the right to have fun and enjoy life to the fullest. Hockey provides that opportunity. By putting the fun back in fundamentals our participants will experience the meaning of sportsmanship, develop skills of co-ordination, enhance their self-discipline and enjoy the camaraderie that sport can bring.

Fairplay, co-operation and Good sportsmanship will go hand in hand with the strength, co-ordination and endurance that the participants will develop.
